**BENEFITS 360**

Maximize Your Employer-Sponsored Benefits

**Come join the ISCEBS NY Metro Chapter** and other colleagues in the HR, Benefits and the Employee Wellbeing space for our Fall Benefits 360 event. Employees are more educated than ever about their benefits and have certain expectations of what employers should provide. Talent pools are shrinking! Are you up to date on the latest trends as it relates to health and retirement plan benefits? Not to worry - this full-day program will provide cutting-edge information on an array of topics critical to enhancing the employee experience, in an effort to yield greater overall engagement and increase value on your investment. Subject matter experts will speak to reimagining benefits and meeting employees' changing needs; such as bringing comprehensive, low-cost preventive medical services to the worksite. You'll also gain a deeper understanding of leave management issues - giving away too much is just as bad as not providing enough of a benefit. Finally, you'll learn what's on the horizon as it relates to retirement plan cybersecurity in this age of hackers and systems ransom threats, as well as receive retirement plan legislation updates on what to expect in 2020.
